Black pepper, ground	0.04	0.0	1.0	0.07%
Total	47.23	3.0	1339.0	100.00%

Method of Preparation:

1. Peel the Yukon gold potatoes and place in a heavy stockpot. Add enough water to cover the potatoes.
2. Place pot over a medium high flame.
3. Simmer for 30 minutes until fork-tender. Take off heat and drain potatoes thoroughly.
4. Combine the heavy cream, butter and **Roastin' 9073** in microwaveable container. Heat in the microwave until warm, about 1 minute.
5. Place potatoes in a tabletop mixer. Mix on speed one with the paddle attachment for one minute. Scrap down the sides of the bowl.
6. Add the **Roastin' 9073**, butter and cream; mix well.
7. Continue mixing and season with salt and pepper.

Research Chef Evaluation of Roastin' 9073:

Roastin' 9073 adds a rich chicken skin note to the creamy mashed potatoes. This oil-based flavor blends in well with the richness of the butter and cream components to create a wonderful taste sensation.
